

CRAFTASTIC!

Mosaic Milk Carton Birdfeeder

Supplies Needed:

- Any sized milk carton, rinsed and dried
- Marker
- Glue
- Various construction paper
- Scissors
- Hole Puncher
- String
- Bird seed or any seed mix

****Attention Parents: Adult supervision and assistance is required****

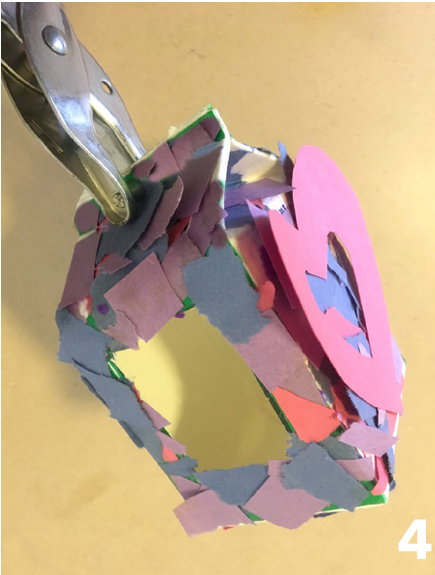

1. Rinse out any size milk carton and let it dry. Draw a rectangle shaped opening on at least one side.

2. Cut out the rectangle opening(s).

3. To make the squares for the mosaic design, cut or tear small squares of colored paper. You can use construction paper or tissue paper in as many colors as you like. Glue the squares onto the outside of the milk carton.

4. You can also cut out other shapes or use stickers or glitter to decorate your bird feeder however you'd like. Next, punch a hole in the top of the carton as shown in the picture.

Tie a piece of ribbon or string through the hole so you can hang your bird feeder. Next, add birdseed of your choice to the inside.

6. You are all done! Before you hang your bird feeder outside, don't forget to take a picture, post it to Instagram or Facebook and tag us @officialcityofartesia!
