FOR IMMEDIATE RELEASE

City Council Continues to Invest in Public Safety

The safety of the City's residents is of the highest priority of the City Council. Due to consistent, prudent, and careful budgeting over the last four years, the City Council has been able to increase spending on public safety every year for the last three years.

Reinforcing the City Council's commitment to public safety, the City has recently committed to purchasing new protective vests and other safety equipment for the Los Angeles County Sheriff deputies who work in the City of Artesia and ensure the safety of its residents. The service provided to the community by these officers is highly regarded by the City Council, and as such, the safety of the officers that protect and serve Artesia residents is also a priority.

The City will continue to prioritize spending on public safety in order to ensure the highest quality of life possible for Artesia residents.
