

Artesia Christian Home Receives 2018 San Gabriel Valley Environmental Award

The Artesia Christian Home has served the Artesia community for over 64 years by providing quality care services for seniors. Their stewardship in the community does not stop at delivering services to seniors. The Artesia Christian Home has also proven to be a leader in recycling by being one of the first business' in Artesia to implement an organics recycling program.

The practices of the Artesia Christian Home are a major contributor to the City's recycling goals, and also help to reduce the overall impact the City has on the environment. For these reasons, the City of Artesia nominated the Artesia Christian Home for the San Gabriel Valley Environmental Awards.

Created by the Los Angeles Regional Agency (LARA), the San Gabriel Valley Environmental Awards honor businesses, organizations, and individuals who are leaders in environmental stewardship and have shown the commitment to be a crusader in the mission to reach zero waste in California by 2025.

The City would like to thank the Artesia Christian Home for its commitment to the City and the environment, and congratulate them on receiving a 2018 San Gabriel Valley Environmental Award.
