## FOR IMMEDIATE RELEASE

City Adds Beautiful New Lights to Pioneer Boulevard in Time for Diwali and the Holidays

City staff has put up new decorative LED lights on Pioneer Boulevard between 183<sup>rd</sup> Street and 187<sup>th</sup> Street. City staff made sure these beautiful new lights would be up in time to celebrate Diwali, the Hindu festival of lights. The cost of the lights and installation was wholly paid for by the City of Artesia.

City staff from the Administration and Maintenance departments worked together to purchase and install the lights all within one week. These lights will help make Pioneer Boulevard a festive, exciting, and welcoming shopping and dining destination throughout the holiday season. Made from LEDs, these lights are an energy efficient way to make Downtown Artesia more beautiful.

The City is always looking for ways to beautify Artesia and make the community an even more welcoming place for Artesians and visitors alike, and is happy to be able to provide these lights and to celebrate the season with the community. This holiday season, look for more decorations and festivities throughout Artesia as the City joins in celebration with the community. Take a trip down to Pioneer Boulevard to see and enjoy the new lights any time!
