FOR IMMEDIATE RELEASE

City and Partners Continue Offering Free COVID-19 Testing at City Parks

Last month, the City of Artesia partnered with Los Angeles County and Fulgent Genetics to launch free COVID-19 testing at Artesia Park and AJ Padelford Park. The program is completely free to all Los Angeles County residents, and was made available in the City starting on February 16, 2021.

Testing is available from mobile testing vans at Artesia Park, located at 18750 Clarkdale Ave. in Artesia, on Mondays and Wednesdays from 10AM-5PM, and at AJ Padelford Park, located at 11870 169th St. in Artesia, on Tuesdays and Thursdays from 10AM-3PM. Getting a test at these locations is completely free even for those without insurance. LA County residents can make an appointment for testing in the Artesia by logging on to <http://covid19.lacounty.gov/testing>. Once an appointment is scheduled and the test is conducted, they will be notified of their results via email, text message, or phone call in 3-5 days.

Through the end of February, nearly 150 people were tested at these sites, and testing will continue at least through the end of March. For more information on the City's COVID-19 response, please visit the City website at www.cityofartesia.us and follow us on Facebook and Instagram @OfficialCityofArtesia.

###

Located in southeast Los Angeles County, Artesia is a diverse, vibrant city with nearly 18,000 residents and a dynamic business community. The City of Artesia, a leader in sustainability practices and winner of four Beacon Spotlight awards from 2018-2020, is focused on serving the community with sound governance, 21st century infrastructure, and a commitment to public safety.
